

### **Limited Warranty for Landscape Plants**

Your landscape is accompanied with a 1 year limited warranty on the trees and shrubs installed by Stone & Garden Supply and maintained per the standards below and also outlined in the **Aftercare Guide** we have provided. This warranty shall be void and will not apply to any plants nor plants sold on sale or at discounted rates. In addition, annuals, perennials, bulbs, ground covers, and transplanted plant material are NOT covered.

Newly installed landscape plants will suffer transplant shock, particularly during the hot summer months. It is imperative that plants receive proper care, so as to minimize stress. Upon installation it is then the responsibility of the owner to supply the plant with sufficient water and fertilizer (as needed) during their growing season (May to October) to keep them healthy. Trees and shrubs are warranted for one year from date of installation or purchase, and will be replaced once within the warranty period, should they die.

We will make warranty replacements during the optimum planting seasons: spring and fall.

We assume no liability for replacement of plants killed or damaged by pests, insect infestation, abnormal weather conditions, or other conditions beyond our control, nor will we replace plants experiencing "seasonal die-back", when pruning and proper care will restore them to health. Your plants have been certified to be pest and disease free when you receive them.

We cannot warranty against weed growth in mulch or topsoil beds, due to the germination of dormant seeds prevalent in the soil.

**IF YOU FAIL TO WATER or PROPERLY CARE FOR YOUR PLANTS, THEY WILL DIE. A PLANT THAT HAS DIED DUE TO DROUGHT IS NOT COVERED UNDER OUR GUARANTEE.**

*Please follow our **Aftercare Guide**. All plants will be inspected to determine cause of loss before replacement.*
